# Brief Overview

Dec 2021

## Who We Are

Our roots go back to 1920 when the company first started its operation in Constantza, Romania. In 1950s following a steady development the company moved the center of its activities to Piraeus, Greece, the homeport of the growing Greek shipping industry at that time. Further expansion continued in 1990s and today EISA is a shipping agency and a forwarding company with presence in 7 countries of Black Sea and Mediterranean area, vast experience and considerable knowledge of the specifics of cargo transportation in our region.

## Our Mission

Offering high quality services and innovative solutions that bring long-term value to its stakeholders

## Our Vision

Being a socially and environmentally responsible organization in order to meet the requirements and needs of the shipping industry within the markets where EISA operates

A large, faint background graphic showing two hands, one on the left and one on the right, holding a sun. The sun is represented by several short, radiating lines above a central circle. The hands are stylized with thick, rounded fingers. The entire graphic is rendered in a light gray color against a white background.

**Thank you!**
